3 Village Water (Tower Maintenance)	(10,000.00)	55,089.51
4 Road Grader / Gavel / Road Maintenance	(55,089.51)	-

-
- 1 New Furnace / Air Conditioner / Air Exchanger was installed in 2023 which should last for many years .
The air exchanger is a new item which changes the air in the Town Hall many times per hour
which will help to eliminate stale air.
 - 2 The Bathrooms at the Townhall were in the need of remodeling, ARPA funds were used and
Supervisors decided that we should make one nice handicap useable unisex bathroom.
Bernie Boverhuis did all the remodeling and it looks great.
When you are in the Townhall please look at the remodel and see the great job that Bernie did.
 - 3 Township Supervisors decided to help the Water Tower and SSD accounts with \$10,000 dollars each.
ARPA money is a great help with the increasing cost of repairs and maintenance.
 - 4 ARPA money also helped in making the decision to purchase the new CAT grader.
